

The CES collected this information by browsing the course offerings of several Europe and East Europe Title VI Centers across the US. This list contain courses which have at some point been offered during the summer semester. This list does not constitute a list of pre-approved programs that are eligible for FLAS funding and it is provided for your information only. Students applying for summer FLAS funding remain responsible for verifying that their selected program meets DoE requirements (specified in the FLAS announcement and application institutions). If you have any questions, please e-mail the CES FLAS Coordinator, Dr. Petia Kostadinova at petiak@ufl.edu
